2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Cuddeback Union School District is a small, single-site elementary school district located in Carlotta serving approximately 130 students in grades TK through 8th. Nestled in the rural Van Duzen River Valley, the district boundaries run the 12 miles along Highway 36 from Yager Creek to Grizzly Creek. Most of the students living within the boundaries live within one mile of the highway.

The district is known for maintaining a family-like culture where teachers, staff, and administration know virtually every child by name. Many current parents at our school were once students in the same classrooms that their children now attend. Parents are welcomed and have many opportunities to interact and be involved on campus. Parents often mention the positive school climate and well-rounded approach to education at Cuddeback School as highly valued pieces they appreciate in their child's experience.

Attributed mainly to school size and culture, the district has roughly a 40% interdistrict population of students. These students demographics are very representative of the in-district children and the school population overall. Cuddeback's student body identifies as approximately 80% white, 7% Hispanic, 6% American Indian or Alaskan Native, and 6% as 2 or more races. Students with disabilities represent 12% of school enrollment; with 2 EL's, and no Foster youth currently enrolled.

The decline of the timber industry has significantly impacted the town of Carlotta over many years. Once, multiple employment opportunities were present as lumber mills, country stores, and restaurants supported the town. Today one small restaurant is all that remains. The impact of the recent focus of farm-related agriculture and legal cannabis cultivation is undetermined at this point, but could have a substantial effect in future years.

As an elementary district, there are metrics associated with state priorities that do not apply to our district:

Implementation of State Standards: Access to SS and ELD standards for EL's

Pupil Achievement: % of students successfully completing A-G courses, % of students successfully completing CTE sequences or programs of study that align, % of students who pass AP exams with 3 or higher, % of students determined to be prepared for college by the EAP, % of EL's making progress towards English Proficiency on the CELDT; EL Reclassification rate

Student Engagement: High school dropout rates, High school graduation rates

Also, due to the small size of the district, detailed information on state indicators is not available related to English Learners, some Students with Disabilities, or any race/ethnicity subgroup other than white. There are

currently no Foster youth enrolled at Cuddeback, so there is no data there either.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Highlights of the current year's LCAP include:

- Acquiring standards-aligned ELA curriculum in all grade levels to be implemented in next year's academic plan
- Providing instructional assistants (aides) in classrooms to support unduplicated students and students with disabilities
- Providing social and emotional counseling support for all students, including our unduplicated students and students with disabilities

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Cuddeback USD is proud that it provides a safe educational environment for students and staff. Stakeholder input (surveys, meetings, conversations) shows that our positive school climate is a valued strength and top priority for the school. The district plans to continue providing counseling and support services for all students.

District stakeholders recognize the progress on Goal 2 – *Delivering quality education...implementing New Standards...Developing 21st century learners*. District has purchased new ELA curriculum K-8 and upgraded technology on site. CUSD plans to provide teachers necessary training related to new ELA curriculum, and continue to purchase new computers and learning devices for students.

GREATEST PROGRESS

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

The LCFF Evaluation Rubrics identified the Suspension Rate as an area of concern. The data used in the evaluation is from 2014-15 and represents the district suspending 4 students as compared to the 1 student in prior year. The LEA has historically maintained a very low suspension rate by utilizing alternative options to suspension on campus and providing social and emotional counseling to support and educate students.

The district demonstrated a major need to improve on state assessments in both ELA and Math according to the state Evaluation Rubrics. The Rubrics noted the ELA Assessment rating for All Students showed a performance level of 31 points below level 3 with a 16 point decline from the previous year. The LEA focused on using new standards-aligned curriculum this year and the district will purchase all new standards-aligned ELA curriculum for grades K-8 for use in Fall 2017.

The Math Assessment rating as reported for All Students scored at 35 points below level 3 with a nearly 7 point decline from previous year. For 2016-17, the district increased staffing and restructured math classes to provide straight grade math classes for K-6. The district will continue to provide and fund professional development and training for teachers in ELA and math.

On the local level, stakeholders agree that increased preparation, practice, and performance on state assessments are essential. Providing resources for materials, training, and formalized ongoing benchmark assessment is top priority.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

Although there were no performance gaps identified in the LCFF Evaluation Rubrics for any student groups according to the state criteria of groups performing 2 levels below All Students, our Students with Disabilities group did score 46 points (ELA) and 56 points (Math) lower on CAASPP testing than All Students. The main contributing factor in the significant decline of scores by this group was due to a change in testing procedures to allow Students with Disabilities greater access to test in a less restrictive environment.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

CUSD plans to increase and improve services for unduplicated students in a variety of ways. The most significant is to provide an additional classroom teacher in the primary grades. By lowering the average class size from nearly 24 students per classroom to less than 18 (-25%), the student groups of most need gain in learning opportunities and conducive learning environment.

The district will provide instructional assistants (classroom aides) to improve the classroom learning opportunities for unduplicated students by allowing for more 1:1 and small group interactions.

Unduplicated students also benefit from continued social and emotional counseling and intervention offered by the district.

The district will improve before school breakfast services (availability, menu options) which benefit low income students, as those unduplicated students represent 73% of all breakfast meals.

BUDGET SUMMARY

ANNUAL MEASURABLE OUTCOMES

EXPECTED

2. Student SBAC/CAASPP scores will improve over the previous year. The percent of students meeting or exceeding the standards will increase by 5% in ELA and Math over last year's 40% and 41% respectively..
3. 100% of students have access to standards aligned instructional materials as reported in the annual School Board resolution regarding sufficiency of standards-aligned instructional materials.
4. Student scores will show a reasonable improvement rate on District Benchmarks in CCSS ELA and Math.
5. Student scores on state interim assessments will show progress of academic growth and achievement.
6. GPA in academic subjects for 4-8 grade will increase by .10 on the 4.0 scale.
7. RESULTS assessment scores for primary grades will reflect 80% of students at grade level or above by 2nd assessment
8. School will score in excellent range on Facilities Inspection Tool report.

ACTUAL

2. NOT MET: Overall student CAASPP scores did not improve. Scores decreased to 34% and 36% met or exceeded standards in ELA and Math respectively. 3rd-5th grades scores regressed the most significantly.
3. MET: All students have access to standards-aligned curriculum adopted to date. District is purchasing new ELA curriculum to be in place for 2017-18 at all grades.
4. NOT MET: District is only now purchasing program and establishing consistent benchmarks throughout grade levels. Teachers/grade levels use a variety of benchmarking tools currently. Student data reported from those shows a wide range of growth/improvement that is difficult to compile. This has been a disappointing and frustrating outcome.
5. MET: Interim tests were used in some way in most classrooms this year. Those students showed growth particularly in Math across grade levels utilizing interim and practice tests.

9. Stakeholder survey will report 95% satisfactory with school facilities upkeep and maintenance.

10. There will be no unresolved complaints on the District Williams report.

6. NOT MET: The overall GPA in academic subjects for grades 4-8 decreased by .04 from previous year from 3.01 to 2.97. The number of failing grades (F's) in grades 4-8 decreased from 14 (7.25%) last year to 6 (2.24%) through 2nd trimester this year. No student earned more than 1 F.

7. NOT MET: Results assessment scores for primary grades show that 78% of students are at or above grade level by 2nd assessment, which is a 6% improvement over previous year.

8. MET: Cuddeback continues to score in the excellent range on FIT report with the exception of the Healthy Start building. That building is undergoing repair in summer 2017.

9. MET: Data collected on stakeholder survey reported 100% agreed that facilities and maintenance at school was satisfactory. Stakeholders would like to increase the size of our gym however.

10. MET: There were no unresolved complaints related to quarterly Williams reports for CUSD at July 2016, October 2016, January 2017, or April 2017 CUSD Board meetings.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The crux of the actions and services associated with Goal 1 (Achieving high academic standards) involve providing support for low performing students. The district was able to fully implement the plan to provide a .5 FTE intervention teacher and intervention support from teachers and after school staff. Teacher feedback on the intervention program is very positive and even students voice appreciation of the extra support from teachers and after school. Finding qualified, available persons to employ as instructional assistants is a major challenge. The district was able to nearly provide necessary level of instructional assistants to support learners. Stakeholders often mention the value of having aides in the classrooms. The district also had a difficult time finding a program for ELA/Math assessment and progress monitoring, therefore struggling to adopt uniform district benchmarks in those areas.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The intervention teacher was able to serve 10 low performing students this year. Of those students, 4 reached grade level reading proficiency, and 3 others made improved growth toward grade level based on reading assessments conducted by intervention and regular classroom teachers. Teachers report increased confidence in once struggling readers after intervention services were provided. The district was unable to provide amount of instructional aides in the 4th-8th grades as planned. The current classroom/grade level configuration uses mixed grade level (combination) classes. These, added with lack of uniform ELA/Math assessment program may be responsible for a slight decline in GPA among those grades, from 3.01 previous year to 2.97 this year. The positive response to the support efforts however resulted in fewer failing grades (F’s) from previous year from 14 to 6.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There was a significant material difference between budgeted and actual expenditures related to facilities maintenance (G1, A5). The district experienced \$5,960 higher than expected costs for floor cleaning/waxing to refurbish classrooms and cafeteria during the year. The maintenance staff also undertook a major project to cleanup facilities of old, broken, unusable furniture and stored materials, which required additional costs of \$1,500 in personnel and disposal costs. Repair work and extensive testing of the water system also increased expenditures in this area by \$2,150.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Analysis of the Evaluation Rubrics related to ELA Assessment shows our district indicator is red for all groups. The state report for math is yellow, with socio-economically disadvantaged student group as orange. This data has led to a new outcome reflecting desired growth on CAASPP scores LEA wide (G1, Metrics/Outcomes).

**Goal
2**

The district will deliver to all students a high quality education focused on Implementation of New California State Standards, Digital Learning, Developing 21st Century Learners, Preparing Students for Success in High School, and Highly Qualified Teachers.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1. All students, including students with disabilities, will have access to and be enrolled in required areas of study, as well as opportunities in the visual and performing arts, as verified by teacher schedules, class listings, and class rosters.
2. 100% of students and teachers have access to and use available CCSS adopted curriculum materials as demonstrated by annual School Board resolution of sufficiency of standard-aligned instructional materials.
3. All teachers will receive training in CCSS subject matter at teaching grade level in available content and performance standards, as documented by completion certificates, conference registrations, materials purchased, sign in sheets.
4. Teachers will benefit from increased collaboration time regarding CCSS implementation with colleagues, as documented by meeting agendas and teacher written feedback.
5. 100% of all teachers are highly qualified with no misassignments, as verified by quarterly Williams reports and documented compliance with state credentialing requirements.

ACTUAL

1. MET: All students, including unduplicated students and students with disabilities are enrolled in classes offering core academic courses at Cuddeback. Studies include learning opportunities in the Arts within the classroom and through outside educational settings.
2. MET: 100% of students and teachers have access to available CCSS adopted curriculum materials. This is verified by annual School Board resolution of sufficient standards-aligned instructional materials approved at October 2016 meeting. In addition to standards-aligned math curriculum, the district piloted new standards-aligned K-6 ELA curriculum and is purchasing ELA materials to implement in 2017-18.
3. MET: Teachers took part in various trainings involving ELA, Science, Math and methodologies related to CCSS. Teachers attended conferences and collaborative workshops presented by CDE, HCOE, and outside vendors/publishers.
4. MET: Certificated staff participated in weekly collaboration on site during Early Release Wednesdays. Teachers value this collaboration covering monitoring progress of unduplicated students and students with disabilities (SPED), new standards implementation, grade span ELA/math articulation, student study and intervention, peer mentoring, state assessments, and other curriculum issues. One teacher also participated in ERV-based collaboration in ELA with other local districts.
5. MET: There are no teacher misassignments according to personnel documents and all quarterly Williams reports filed by district.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Overall, the actions/services for Goal 2 (Deliver high quality education...) were partially implemented this year. While the district continued the most important piece, to employ high quality teachers, there were challenges to acquiring the professional development opportunities in all areas and grade levels. Teachers did value the conferences and workshops they were able to attend, and there is evidence of increased CCSS standards-aligned materials and practices taking place in classrooms. Also, the district was successful in utilizing new standards-aligned ELA materials K-6 via a free pilot program, although the new curriculum we are purchasing for school wide implementation is from different publishers. A considerable amount of teacher training is related to the new curriculum and will occur in 2017-18.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	All metrics were met for this goal. 100% of students were taught by high quality teachers in all areas of study. After a full year of instruction using new standards-aligned ELA curriculum, we expect CAASPP scores to increase. 100% of all students will receive instruction and have access to new standards-aligned ELA materials for 2017-18 academic year.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	A material difference in expenditures of approximately \$8,000 related to updating technology for students (G2, A7) results from under spending on planned computer updates to the computer lab and our I.T. contractor being unable to provide those support services temporarily while hiring new staff.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	Data on class size and combination grades results in a new action to hire a 1 FTE teacher to reduce class size and more efficiently deliver grade appropriate instruction (G2, Actions). There will be an increase in PD expenditures for 2017-18 directly related the adoption of new standards-aligned ELA curriculum (G2, actions/services). The district will require an increase in computer technology in order to replace our outdated computer lab and reestablish the area as a 21 st century learning center (Goal 2, actions/services).

**Goal
3**

All students will have access to a safe, nurturing, learning environment, rich in parental involvement that supports student academic, social, and emotional development.

2. Chronic absenteeism rate will decrease by 1.0% over previous year's rate of 5.65%
3. Student suspension rate will decrease by 1% over previous year or remain < 2%. The expulsion rate will remain at 0%
4. Middle school dropout rate will maintain at 0% or decrease from previous year.
5. Percentage of students experiencing successful outcomes from counseling/Healthy Start services will increase over previous year as tracked and reported by program staff. (Current levels: H.S. - 11 families, 20 students; Counseling - 1:1 26 students, small group 60 students)
6. # of parent volunteers in classrooms and school events will increase over previous year, including parents of unduplicated students and students with disabilities, as tracked and reported by classroom teachers and event group coordinators. Current information shows overall parent involvement at near 33%, and we aim to reach 40% parental involvement.
7. Parent participation and involvement in decision-making meetings, including parents of unduplicated students and students with disabilities, such as LCAP, Board, Parent Advisory Group, PTO, Site Council will increase over the previous year as monitored and reported through meeting attendance records. Efforts will result in an increase of 3 to 5 parents per group.
8. # of community-involved events at school will maintain or increase over previous year by 1 event.
9. Percent of students recognized at monthly awards assemblies for achievement, not limited to core academics, will increase by 5%.

ACTUAL

1. NOT MET: As of P2 attendance report, school wide attendance rate is 95.90%. This is an increase of .14%.
2. NOT MET: Chronic absenteeism rate as of P2 is 6.71% (9 students), an increase of 1.06% (about 1.5 students). Note that 4 of 9 students are Kinders.
3. MET: Suspension rate as of P2 is 0%. Expulsion rate is 0%. No students suspended or expelled at this date.
4. MET: Middle school dropout rate remains at 0%.
5. MET: All TK-3 students (66) receive regular small group counseling and primary intervention on regular schedule via school support personnel. Healthy Start services support 10 families/19 students this year. Credentialed school counselor serves 46 students in small group, and has been able to offer 50 students personal counseling.
6. MET: Through observation and teachers tracking data, parent volunteerism and participation has increased overall. Teachers, event coordinators, coaches, and school staff report 92% of parents attending at least 1 event on campus this year, and 74% attending/participating in 3 or more campus activities. Volunteers tend to participate in greater quantities in the primary grades than upper grades. Stakeholder survey results confirm the school's data.
7. MET: Parent membership records and participation in PTO shows an increase over last year. Parent Advisory Committee increased by 5 members, PTO active participation increased by several (3 to 5), SSC participation remained as previous year. Parent and community participation

10. Percent of students participating in co-curricular/enrichment/extracurricular programs will increase over previous year. Student participation will be monitored by participation records, rosters, sign in sheets maintained by program or activity coordinator.

and attendance at School Board meetings and specific stakeholder input meetings ranged from 0 to 8 parents and community members. Attendance at various meetings and events suggests that parents are more interested in quality/quantity of activities and events than in the actual governance decision-making.

8. MET: The school continues to be an active community resource. Groups such as 4H, Little League, Community Neighborhood Watch, and monthly Mobile Outreach use facilities. The school has added an additional major community dinner event on campus this year. The school continues to offer opportunities for community involvement like Fall Carnival & Auction, Lip Sync, Community dinners, music/choir performances, sporting events, county elections.

9. MET: Teachers and Admin staff have focused efforts on recognizing student success. Teacher classroom records 2-4 students from each class are recognized for achievement other than core academics (character traits, out of school accomplishments, attendance, citizenship, community involvement) at regular awards assemblies. Approx. 20 students are recognized via our Winners Ticket system at each assembly, and another 2 students earn Extraordinary Student awards each assembly as nominated by teachers in each grade span TK-3 and 4-8 grades.

10. NOT MET: Program records indicate the number of students participating in these programs: Athletics – 59 (45%); Pee Wee BB – 26 (65%); EXCEL - 66 (49%); GATE - 5 (7.5%); Choir - 14 (21%). There was mixed success in that the district was able to offer a choir program not available last year. 12 students participated in science-based opportunities outside of class. Athletics decreased this year as the school did not have enough students for a Boys Varsity BB team and lower participation than usual in Cross Country. Small grade size in 7th/8th likely accounts for low numbers.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	This is an area of strength for the district. Providing a safe and engaging learning environment is a top priority at Cuddeback and overall the district reached full implementation of actions and services related to achieving this goal. The district employs a talented counseling and support staff to ensure students physical and emotional well being. Student and parent engagement is high due to many opportunities to be a part of the school community. Our after school extended learning program offers fantastic enrichment opportunities for students. Due to a relatively small student population, it has proven challenging to offer a wide array of co-curricular opportunities. Students and club coordinators can only participate in a reasonable number of clubs, groups, cohorts.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The inviting and supportive climate at Cuddeback including the efforts of the counselor, teachers, administration, and school support personnel effectively account for an increase in attendance rate of .14% over the previous year to 95.90%. The district fell short of a hopeful goal of .25% increase, but positive gains were made. Responses on parent surveys show that 70% of parents identify the school climate as it’s greatest strength.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	The report shows a material difference in (G3, A4) related to teacher and principal time and salary of over \$3,750 due to an updated calculation of time/cost. The actual dollars are already accounted for in certificated salaries in (G2, A1) and don’t represent an actual difference in expenditures. The under spent athletic budget (G3, A9) is due to that there was no boys Varsity BB team due to lack of students, and AD resigned part way through the year. Also, 2 BB coaches declined to take the stipend, insisting on volunteering their services. A \$3,084 increase over planned expenditures in (G3, A12) is due to the inclusion of GATE in that action. Employee costs were significantly different for the counselor in (G3, A13) due to a \$5,400 increase in H&W cost for that position.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	After analyzing the actions related to this goal, and gathering stakeholder input as well, the district plans to increase the opportunities students have for co-curricular enrichment (G3,A13). This includes opportunities within the academic day and after school in the way of clubs, learning groups/classes, and leader/project based objectives. The district views this as an important component for student engagement and student learning.

Stakeholder Engagement

LCAP Year 2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Due to the small size of Cuddeback USD, there are numerous opportunities to communicate and consult with our stakeholders. Credentialed and classified staff provided input and discussion regularly at weekly/monthly meetings. Consultation with students took place all throughout the year. Student observations, conversations, class meetings, and program participation all were very insightful means to review, analyze, and plan our LCAP. Regular interaction ensures that all students, including our unduplicated and students with disabilities populations, had opportunities to be heard. Parent and community stakeholders had opportunities to participate in the process through monthly Board meetings, PTO and Parent Advisory Group meetings, numerous community school events on campus (Open House, Dinners, Programs, etc.). Online surveys, written information, automated phone updates also reach our families on a regular basis throughout the year. With a school our size, there is opportunity to interact with virtually all stakeholders numerous times throughout the year. Invaluable information is gleaned through informal and unscheduled conversations and discussions with stakeholders in the hallways, cafeteria, or at basketball games. CUSD is able to carry on its daily operations without any collective bargaining units, therefore no input was gathered from such.

The varied and numerous meetings and input gathering sessions with stakeholder groups included, but not limited to, these opportunities:

Certificated Staff (10/12/16, 12/7/16, 1/18/17, 2/15/17, 3/8/17, 4/12/17, 5/10/17)

Classified Staff (11/2/16, 1/11/17, 2/1/17, 3/8/17, 4/12/17)

DAC/PAC (12/5/16, 2/9/17, 2/6/17, 3/13/17, 4/10/17, 5/15/17)

School Board (10/12/16, 11/9/16, 12/15/16, 1/18/17, 2/8/17, 3/8/17, 4/12/17, 5/10/17, 6/21/17, 6/22/17)

Public/Community (10/12/16, 11/9/16, 12/15/16, 1/18/17, 2/8/17, 3/8/17, 4/12/17, 5/3/17, 5/10/17, 5/11/17, 6/21/17, 6/22/17)

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

The input from stakeholders is used to guide the development of our district's LCAP. While the bulk of the feedback contributed by stakeholders generally reinforces the vision and direction of the district, it is a useful tool to evaluate our progress and reassess priorities moving forward.

A significant result of parent and teacher stakeholder shared input identified a need to hire an additional teacher for 2017-18. This action becomes a top priority to address the district's vision to reduce class size to better serve our unduplicated (low income) students and maintain a positive and supportive school climate. Expanding our teaching staff allows for more straight grade level classrooms and eliminates the need to split grades as well. Staff, students, and parents all realize the benefits of this, and are eager for this to happen.

Another result of stakeholder contribution is this year's plan will further the districts commitment to 21st century learning with more collaboration amongst teachers, utilization of new standards-aligned curriculum, and continuing to place a priority on acquiring technology for our students.

Goal 2

The district will deliver to all students a high quality education focused on Implementation of New California State Standards, Digital Learning, Developing 21st Century Learners, Preparing Students for Success in High School, and Highly Qualified Teachers.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8

LOCAL N/A

Identified Need

Our students and teachers are still in the process of implementing new state standards and need district support in obtaining adopted curriculum, support materials, and professional development to ensure an effective transition. Technology and infrastructure has historically been limited at Cuddeback.

Goal 3

All students will have access to a safe, nurturing, learning environment, rich in parental involvement that supports student academic, social, and emotional development.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8COE 9 10

LOCAL N/A

Identified Need

Stakeholders value a welcoming, "family" and community appeal at our school. Stakeholders feel that parental involvement is key to student engagement and success and a hallmark of Cuddeback School. Parent and staff input indicated that a relatively small percentage of parents are the voice of the school. Group wants more parents and students involved in decision making and planning events and activities at school. Also, our chronic absenteeism rate of 5.65% is an area of concern for all stakeholders.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds:

\$ 80,068

Percentage to Increase or Improve Services:

8.28 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Cuddeback Union School District is a small, rural single school district of approximately 133 K-8 students. Our unduplicated student population represents 44% of all students. The relatively small unduplicated student population spread across all grades is a key factor in determining that the district provides increased or improved services in a school wide manner. Primary expenditures totaling \$87,035 to support our unduplicated students for 2017-18 include:

- Hiring an additional teacher to reduce class sizes to benefit unduplicated students \$36,316
- Providing instructional assistants to benefit low performing unduplicated students \$23,129
- Employing counselor to provide social and emotional counseling services to unduplicated students \$17,415
- Provide school support personnel to offer health & family services and social/emotional intervention \$10,175 directed at unduplicated students

All of these above services have demonstrated over time to benefit the academic performance and social well being of unduplicated students.
