RE: Independent Study Program Opportunity

August, 2009

Dear Families,

Maple Creek School offers a K - 8 Independent Study program to families who desire an alternative to a traditional classroom setting. Highlights of our program are as follows:

- \* Individualized curricula and lesson plans meet or exceed all California academic standards.
- \* Customized multi-age and subject-integrated curriculum units allow for several students in a family to work together on common themes.
- \* Study unit time-frames are a minimum of one week to a maximum of four weeks, and can often be varied to accommodate personal considerations.
- \* Check-ins can be scheduled for maximum convenience, and we can help with travel costs.
- \* Check-in days will feature school-wide special activities that include Independent students in our many ongoing art, science, music, history, P.E, and Field Trip events and projects.
- \* Interactive computer communication is available on both Macintosh and PC platforms.

Please contact us to find out more about how our Independent Study program can be customized for your family. Phone (707) 668-5596.
