Agnes J. Johnson Elementary

Students at Agnes Johnson School ran their hearts out at the annual Jogathon held Sept 17. Hundreds of dollars were raised by students for their classrooms. Funds will go to buy supplies for each grade level and subject. Outstanding support from parents and community make possible several valuable programs at Agnes Johnson including music, gardening, and a library.

Our Booster club is busy organizing the Fall Carnival to be held Nov 5. A Smoked Tri tip dinner and hot dogs for kids will begin the evening at 5:00 pm. This is a family friendly event with lots of games, prizes and a super raffle drawing.

We are pleased to announce that more than 50% of our students are enrolled in the After School Program. This high quality program offers more than child care. Lots of activities are supervised by caring adults and time is set aside each afternoon for homework. Students often go on walking field trips and have explored local "Geo-caches" that were buried in the local area.
